toddlers

A GOOD START INTO A CHILD'S LIFE

is a helpdesk at the district office Traunstein for parents with infants and toddlers.

WE COUNSEL

parents in all aspects of development, encouragement, education and childcare.

NETWORK

To support you optimally, we created a network of preventive assistance.

We support you as a parent at an early stage

- during pregnancy
- postnatal period
- in early childhood (0 - 3 years)
- and in overstrained situations

We offer help inter alia in case of

- depletion (if your baby sleeps badly or cries a lot)
- social impacts such as e.g.:
Unemployment, financial difficulties, being single parent, ...
- lack of family support
- psychological strain
- uncertainty
- lack of social network
(migration, isolation, ...)

We want to reach you as parents with our activities and by offering help we would like to

- strengthen your relationship to your child
- support the positive development of your baby
- strengthen your sensitivity, parenting and relationship skills
- accompany you in potential overload situations
- support you in difficult everyday situations

We cooperate with many institutions of the social sector and health services, e.g.:

- Social Pediatric Center SPZ
- hospitals
- doctors
- midwives / family care midwives
- health authorities
- prenatal clinic
- family helpers, ...
